Client Satisfaction through Design Excellence

Hotel Aurora Towers

Concept: Our partner firm has been providing comprehensive interior design services for this client for over three decades. Through the years we have renovated the entire hotel interiors in phases. We have taken all the suites through 2 rounds of interior upgrades. The conference and seminar facilities have been updated regularly. A roof top pool and relaxation area was implemented a while back. The six restaurants have undergone thematic modifications over time with the décor changing to match the cuisine being provided. The front lobby was renovated almost a decade ago and still appears refreshingly new.
